

The Women in Quality Network

Women are employees, managers, volunteers, leaders, mothers, wives, daughters ...

We wear many hats throughout the day, and therefore our lives. The Women in Quality Network (WIQ) is a place where you can just be yourself. It is an opportunity to learn from others, network, and share.

WIQ is a membership of women and men who strive to create an environment in quality profession that allows each woman the ability to achieve her fullest potential. WIQ provides the opportunity to network in the quality profession and to learn from each other.
